Dear Mayor Newton

I want to be your mayor for the day because I love living in colleyville. And I have lots of great ideas to make it the best it can be! Since it's close to Christmas, I think we should put lights all over the water tower and have everyone to come see it light up for the first time! That way even airplanes can see it! My next idea is for a fourth of July parade to celebrate colleyville. There could be games and fun activities for everyone!

I would love to ride my bike to school, but I can't because there is not a crosswalk. I would add a crosswalk from Bransford to Beverly so all my neighbors could ride safely to school. And kids would be more healthy too! To help our police out, I think we could have a citizen patrol. They will call police if they see anything suspicious going on. This will keep us safe! I hope you liked my ideas. I hope I get the chance to be your mayor of the day!

[redacted]

P.S. a dog park would be a wesome too!
