

# Colleyville Police Department

## Animal Control Division

### Pet Licenses

Dogs and Cats are required by city ordinance to have and wear a city pet license. The pet licenses are available at the Colleyville Police Dept for a \$4.00 charge. You must bring a copy of the animal's rabies vaccination for a License to be issued and the license must be renewed ever year.

### Rabies Vaccination's

The Colleyville rabies ordinance is all dogs, cats and other household pets four (4) months of age or over within the city shall be immunized against rabies and be given a booster one year after the initial vaccination. Following the first 2 vaccinations, dogs, cats and other household pets can be vaccinated at either 1-year or 3-year intervals, depending on the type of rabies vaccine used.

### Animal Traps

The Colleyville Animal Control has traps that can be loaned out to residents upon request for removal of wild and domestic animals. There is no charge for this service.

If you have your own trap and you want Colleyville Animal Control to empty there will be a \$20.00 charge. Also when setting personal traps if you want Animal Control to remove the animal you must cover the trap with a trash bag or towel when setting it just in case you catch a skunk. The reason for this is so I can approach the trap without getting sprayed. If you have any questions about how to cover the trap call **Animal Control Officer Roger Cannon at (817)503-1280 Mon-Fri 8am-4pm.**

**Any trap that is not covered and catches a skunk will not be removed by Colleyville Animal Control.**

### Colleyville Citizens' Police Academy

The Colleyville Police Department offers this interactive approach to citizens to create a better understanding of the police department and the whys and hows of its workings.

Graduates of the CPA will come away with a better understanding of police procedures, policies and standards of performance as set by police administrators.

Graduates of the CPA will understand the citizen's role in the Community Policing program for the City of Colleyville.

Graduates of the CPA will be equipped with the knowledge that an aggressive proactive attitude stimulates a positive problem-solving atmosphere.

Graduates of the CPA will be reinforced in their knowledge that they have always been empowered to step forward and voice their ideas and suggestions on the needs of the Community.
