

WELCOME!

In an effort to streamline our operations and improve customer service, the City of Colleyville's Building Inspection Department has implemented an interactive voice response (IVR) system.

You can use the Voice Permits System 24 hours a day, 7 days a week, 365 days a year to do many things:

- Schedule an Inspection
- Reschedule an Inspection
 - Cancel an Inspection
- Check Inspection Status
- Obtain Inspection History

Things To Know

*All inspection requests received after 6:00 am will be automatically scheduled for the next business day.

Our IVR system is programmed to automatically prompt you on how to leave a voice message for the inspector; just follow the voice command options.

***R**-following an inspection code defines residential inspection.

***C**-following an inspection code defines commercial inspection.

***Miscellaneous** inspection codes can be used with a voice message when an inspection code is not specifically identified.

*When selecting a **miscellaneous** inspection type it is recommended that you leave a detailed voice message for the inspector.

*If you experience any problems using or accessing the IVR system report it to the Building Inspection Department 817-503-1030.
